POLICE DEPARTMENT

The year has shown a heavy increase in Police Activities in both protection and services. We feel that it has been a successful one for the department and a rewarding one for the town. The fear and apprehension that was so prevalent a year ago has largely subsided. We feel this has been due largely to a very effective patrol, one which has earned considerable respect among the troublesome elements of surrounding areas. The reduction of housebreaks from 25 in 1963 to only 6 in 1964 is graphic evidence of its effectiveness.

The tremendous continual growth of the town coupled with its large area present ever increasing problems to the Police Department as it does to other Town departments. Every effort is being made to give the town an effective department in all phases of Police work. The technical nature of law enforcement requires a constant effort on the part of the Officers to keep abreast of new laws and requirements. To this end, Chief Ball has continued various school attendances. Through the cooperation of Rockingham County Sheriff George Sampson, Chief Ball is attending Law Enforcement classes at St. Anselm's College, and is giving instruction to the men of the department in regular meetings.

We feel that the increasing stature of the Department, and the respect it is earning among the young folks for its fairness in dealings with them, will aid in forming a general respect towards other people and property.

A partial list of Police activities by the department for 1964 follows:

REPORT OF VOLUNTEER FIRE DEPARTMENT

During the year 1964 the fire department answered a total of 63 emergency calls. These consisted of:

- 7 car fires
- 2 barn fires
- 37 grass, brush or dump fires
- 6 house fires
- 1 rescue mission
- 10 miscellaneous fires

In addition, the department served the community by pumping out four wells, delivered to thirsty residents during the extended dry spell at least 65,000 gallons of water, and filled several swimming pools. Donations received for these services were a great help in the fund raising efforts of the department.

Other departmental activities included hosting a firemans muster and participating in several other musters in nearby communities in which our teams rated high by bringing home many prizes. Several dances were held during the year which, in addition to being a lot of fun, helped the department to meet its financial obligations. A continuing fund raising project has been the paper collection box at the north end station. This project has served a two-fold purpose of raising badly needed funds for its department and helps to reduce fire hazards in the home.

Recently the department turned in the old Chevrolet Forestry truck in exchange for a much newer, heavy duty Federal fire truck which is equipped with a 750 gallon per minute pump. We are now in the process of equipping the truck with a 1000 gallon tank and other necessary equipment. While this truck was obtained through the state at no cost, the department is expending several hundred dollars to adapt it to our use, and upon completion it will be an excellent piece of fire-fighting equipment.

Regular meetings of the fire department are held in the north end station on the third Wednesday of each month. Interested citizens of the town are always welcome to come in and look over the equipment and see the operation of the department.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

REPORT OF HEALTH OFFICER

This report covers a period which commences on 4-19-64 and extends through 12-31-64. During these eight months fifty-three building sites, for which building permits for construction and remodeling had been issued, were visited and examined.

Visits were made to nineteen trailers to examine water supply facilities and verify the adequacy of sewage disposal systems.

Fifteen complaints submitted to this office were investigated, evaluated and acted upon. These complaints were:

- A. Ten homes with overflowing cesspools or septic tanks.
- B. One trailer parked without proper authorization (no permit)
- C. One camp being lived in without water or any noticeable means of waste disposal.
- D. Two trailers without means of sewage disposal.
- E. One farm from which offensive odors were emanating. A visit to the owner resulted in some general clean up and other minor changes which eliminated the problem.

In each of the above cases the responsible person or persons were contacted and the undesirable situation was corrected.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of LONDONDERRY in the County of ROCKINGHAM in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at THE LONDONDERRY CENTRAL SCHOOL in said LONDONDERRY on Tuesday, the ninth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what rate of discount the Town will allow on taxes for the ensuing year.
4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will accept State aid for the construction of Class V Roads, and raise and set aside for said purpose the sum of \$1,214.45, and the State to contribute the sum of \$8,096.34.
6. To see if the Town will appropriate \$500.00 for library tables and furniture.
7. To see if the Town will raise Librarian's salary by \$100.00 to \$1,300.00.
8. To see if the Town will vote to raise and appropriate the sum of \$4,600.00 for the purpose of conducting a comprehensive planning study of the Town.
9. To see if the Town will vote to raise and appropriate the sum of \$600.00 to drain Pleasant View Cemetery.
10. To see if the Town will vote to accept the sum of \$1,000.00 to be known as the "Grace Mack Playground Fund," the town to raise a like amount (\$1,000.00). This fund to be used to start developing the present recreational area and any future acquired land adjacent to and connected with the Londonderry Central School. It is anticipated the above mentioned amounts will require future appropriations for final development of the area.
11. To see whether the Town will ratify and confirm that action by which Henry E. Paul, Howell F. Shepard and Daniel F. Hicks, Selectmen of the Town, conveyed by quitclaim deed to Nathan Plummer, dated September 9, 1959 and recorded in Hillsborough County Registry of Deeds in Volume 1522 at Page 468, two certain lots of land on the north line of Wiley Hill Road, then owned by the Town and now owned by James P. Senter and Joyce A. Senter.

12. To see if the Town will vote to authorize the Selectmen to appoint an Inspector of Buildings who shall hold office for a term of one year, and by vote fix and regulate his compensation as authorized by Section 1, Chapter 156, N.H. Revised Statutes Annotated, 1955.

13. To see if the Town will vote to raise and appropriate the sum of \$600.00 for the purpose of paying the annual salary of the Inspector of Buildings.

14. To see if the Town will vote to adopt the following Building Regulations as authorized under Sections 2-5 inclusive, Chapter 156, N. H. Revised Statutes Annotated, 1955, as amended by Chapter 205 and 215, Laws of New Hampshire, 1959.

PROPOSED BUILDING CODE
FOR THE

TOWN OF LONDONDERRY, NEW HAMPSHIRE

1. The Inspector of Buildings shall be appointed annually by the Selectmen and shall be the administrative officer of this ordinance. He shall take such action in the enforcement of this ordinance as may be directed by the Selectmen.

2. No alterations of existing buildings of an estimated cost of more than \$300.00 shall be undertaken; no building construction shall be started, and no building shall be put to any different use than on the day of enactment of this ordinance until a permit thereof has been issued under the terms of this ordinance.

3. All applications for a permit to construct, alter, move or remodel any building shall be in writing, accompanied by a sketch or plan of the proposed building or alterations, and a statement of its intended use when completed. A fee of two dollars (\$2.00) shall be paid for each permit issued. A building permit shall become void unless operations are commenced within twelve (12) months from the date of approval.

4. Upon receiving such application the Building Inspector shall acquaint himself with the merits of the application, and then take one of the following actions:

A. If he finds the proposed building, alteration, or use of buildings to conform to the law, this ordinance, and other town ordinances, he shall issue the permit in writing over his signature.

B. Refer the applicant to the Board of Adjustment.

5. No building or structure shall be erected, altered, moved, rebuilt, substantially repaired or remodeled unless in compliance with the following:

A. COMMERCIAL BUILDING. No building intended or designed to be used for industrial, commercial, or other public use shall be erected, altered or used for any purpose which does not provide non-combustible walls and partitions between its component parts.

B. EXITS. No building intended or designed for any public use or congregation of people shall be erected, altered, or used for any purpose which does not provide adequate exits.

C. CHIMNEY CONSTRUCTION. Chimney shall extend at least three feet above the highest point where they pass through the roof of a building and at least two feet higher than any portion of the building within ten feet. No chimney will be built, erected, or altered below the roof having wood or other combustible materials within one inch of the chimney and no chimney shall have its base resting upon any floor or beam of combustible material, all flues shall be lined with tile. Factory-built chimneys that are approved as a result of test and listing by a nationally recognized testing laboratory shall be installed in accordance with the conditions of the approval.

D. THIMBLES. No wall paper or other combustible material shall be laid over any thimble or thimble hole in any chimney.

E. SMOKE PIPES. No smoke pipes shall be installed or erected so as to be within twelve inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material except when guarded by a double collar of metal with an air space of at least five inches, or at least five inches of brick or other non-combustible material between the pipe and the combustible material.

F. PLUMBING. All plumbing shall conform with approved methods and practices for safety to health and property.

G. ELECTRIC WIRING. All electrical wiring shall conform with approved methods and practices for safety to life and property.

H. FOUNDATIONS. All structures shall be set on solid foundations extending four feet below finished grade or to bedrock and made of concrete, brick, stone or other acceptable masonry except that in special cases where buildings are

to be used for accessory use or Mobile Homes installed in Mobile Home Parks, the Building Inspector may waive the requirements of this section and permit the use of wood, metal or masonry piers.

I. MINIMUM BUILDING AREA. Every dwelling unit to be used by a single family shall have a minimum ground floor living area of five hundred square feet.

J. OUTSIDE WALLS. Shall be constructed of material commonly used for outside construction and materials commonly painted shall be painted. Tar paper or similar covering shall not be considered as material commonly used for outside construction of residential buildings, and therefore must be covered with suitable material within six months of its installation.

K. SEWERAGE. All dwellings and all commercial, public or industrial buildings shall be connected to the public sewer system when available. When a public system is not available a private sewage disposal system is required. The size, type, and construction of all septic tanks and drainage fields shall be approved by the town health officer. The minimum allowable capacity of septic tanks shall be 500 gallons. Compliance with this section is mandatory prior to occupancy of a residence.

L. WATER. All dwellings, and all commercial, public or industrial buildings shall be connected to the public water system when available. When a public water system is not available, a private source is required. Compliance with this section is mandatory prior to occupancy of a residence.

6. BOARD OF ADJUSTMENT. The Board of Adjustment shall have authority to allow slight variations from the specific terms of this ordinance where it can be shown that unnecessary hardship would otherwise result.

7. AMENDMENTS. This ordinance may be amended by a majority vote of any legal town meeting when such amendment is published in the warrant calling for the meeting.

8. ENFORCEMENT. Upon any well-founded information that this ordinance is being violated, the Selectmen shall, on their own initiative, take immediate steps to enforce the provisions of this ordinance by seeking an injunction in the Superior Court or by any other appropriate legal action. Whoever violates any of the provisions of the above regulations shall be punished

upon conviction by a fine not exceeding ten dollars for each day of each violation.

9. EFFECTIVE DATE. This ordinance shall take effect upon its passage.

10. CONFLICTING PROVISIONS. Whenever the regulations made under the authority hereof differ from those described by any statute, ordinance or other regulations, that provision which imposes the greater restriction or the higher standard shall govern.

11. VALIDITY. If any section, clause, provision, portion, or phrase of this ordinance shall be held to be invalid or unconstitutional by any court of competent authority such holding shall not affect, impair, or invalidate any other section, clause, provision, portion or phrase of this ordinance.

15. To see if the voters of the Town of Londonderry will rescind the Zoning Ordinance adopted by the Town of Londonderry in March, 1963, by ballot vote. By petition of Herbert Giandrea, et al.

16. To see if the Town will vote to request the State Tax Commission to make a complete re-appraisal of the land, buildings and other property values within the town, and raise and appropriate money for the same.

17. To see if the town will vote to authorize the Selectmen to sell property acquired by the town, through Tax Collector's Deeds, at Public Auction.

18. To see if the Town will vote to accept the following Trust Funds:

Fred E. Annis	\$200.00
Mrs. Fred Jordan	100.00
John Colby	100.00
Vera Martineau	100.00
Fred Chase	100.00

19. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 22nd day of February, in the year of our Lord nineteen hundred and sixty five.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Londonderry, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Londonderry Central School in said district on the 6th day of March 1965, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

2. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.

3. To see if the district will vote to authorize the school board to make application for, and to accept on behalf of, the district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

4. To see if the district will vote to authorize the school board to accept in the name of and in behalf of the school district, gifts for the use of the schools.

5. To see if the district will authorize the school board to arrange for the annual audit of school accounts by the Municipal Accounting Division of the New Hampshire State Tax Commission and pass any vote relating thereto.

6. To see if the district will vote to authorize the school board to use unestimated income from the Federal Government and New Hampshire Sweepstakes in the amount of six thousand dollars (\$6,000.00) to meet a deficiency caused by the need of an additional teacher and pupil furniture to compensate for increased enrollments.

7. To see if the district will vote to raise and appropriate the sum of not less than thirty-two hundred dollars (\$3,200.00), including closing and legal fees with which to purchase land for use of the school district.

8. To see if the district will authorize the school board to appoint a study committee of eight members, three of which shall be school board members, to study future school building needs and submit a written report and pass any vote relating thereto.

9. To see if the district will create a Cooperative School District Planning Committee and to elect the members thereof or determine that the moderator appoint the same and pass any vote relating thereto.

10. To see if the district will vote to raise and appropriate sixteen hundred dollars (\$1,600.00) or any part thereof for the purchase of stage curtains for the new all-purpose room.

SCHOOL BOARD REPORT MARCH 1965

Again this year we cannot overemphasize the urgency of planning the future of education in Londonderry.

Our present plant consisting of 22 classrooms and a multi-purpose (cafeteria, gymnasium and auditorium) hall will be filled to capacity in September of 1965. Little did we realize that with two six-room additions to our classroom section within a five-year period we would so soon have to make plans for further expansion. Not only are we studying the future educational needs within the Town of Londonderry, but we must explore, with our neighboring towns, the cooperative system which is being used successfully in many areas throughout New Hampshire.

We anticipated, as the very maximum, an enrollment of 570 for the current year and already we have reached a figure of 610 with more pupils to come as new homes are completed and occupied.

While we have not earmarked revenue received from the Sweepstakes for any one specific purpose, we would like to see it applied to reduce taxes after approval of a budget that will allow us to carry on our educational program to the fullest extent possible.

We are well aware of the legislation introduced that will provide a minimum teacher starting salary of \$5,000. This wage figure must be considered when planning our budget for future years.

The School Board is anxious to work with the Planning Board toward an overall plan for the town which can only be accomplished if all work together toward a better Londonderry.

We wish to thank the people of Londonderry for their support in appropriating the funds necessary to carry out a well-rounded educational program for our young people who will be our citizens of tomorrow.

REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of Londonderry I herewith submit my second annual report as your Superintendent of Schools.

PERSONNEL

Teachers new to the Londonderry Central School in September are:

Grade 1 - Mrs. E. Jane Currier of Salem, who attended Keene State College and taught previously in Alaska and several New Hampshire communities.

Grade 3 - Miss Elizabeth Johnson of Manchester, who attended Notre Dame College.

Grade 3 - Miss Annette LaBadie of Manchester, who attended Notre Dame College.

Grade 4 - Mrs. Janet Baker of Windham, who attended the University of Massachusetts.

Grade 5 - Mr. Lowell Canovitch of Haverhill, Mass., who attended Northeastern University.

Grade 5 - Mrs. Louise Willis of Derry, who attended Mercer University, Macon, Georgia, and taught previously in Massachusetts.

Grade 6 - Mr. Eugene Hington of Lawrence, Mass., who attended the University of New Hampshire

HOUSING

The opening of school coincided with the near completion of the new classrooms and the multi-purpose room and library. The new classrooms were very much needed and are now filled with pupils from grades 6, 7 and 8.

Next September will see the remaining two empty classrooms in the total 22 filled so we will once again and all too soon be filled to capacity.

Right now plans should be in the making for future housing and a committee should be named to plan for the next facility.

Your School Board has worked hard to keep the existing facilities in good repair and operation.

Long range considerations should be given to a cooperative junior high system whereby Londonderry would join with one or more towns to provide a junior high education that would include shop, home economics and physical education.

CURRICULUM

Mr. Bone, Principal, continues to do an excellent job in organization and development in the curriculum, particularly in the areas of arithmetic and reading.

Your School Board has continued the purchase of new textbooks for the extension of the program started last year.

The library has and will prove itself the center of our curriculum. We are most grateful for its location in the middle of our school and also for the excellent aid by the town librarian and the library trustees.

APPRECIATION

A sincere thank you to the School Board, Building Committee, principal, teachers, school nurse, secretary and custodians for uniting to make our educational program meaningful.

Thanks are also extended to the P. T. A., the American Legion and its Auxiliary, and other organizations for gifts, aid and help in making our school better.

Respectfully submitted,
ROBERT W. DOLPH
Superintendent of Schools

ASSISTANT SUPERINTENDENT

It is my pleasure to present my second annual report to the citizens of Londonderry for the year ending June 30, 1964.

The new building as planned by your Building Committee is in the works and should be ready for occupancy in September 1964. This is going to add greatly to the program. The following are a few areas that should be strengthened or added.

1. Library services.
2. Physical Education.
3. Administrative control.
4. Hot lunch facility
5. Nearly all study areas by addition of all-purpose room for assembly area.
6. Community services.

This will put Londonderry in a very favorable position for grades one through eight organized as an Elementary School. I would like to suggest that serious thought must be and is being given to consideration for a Junior High School set-up. At present our pupils in these grades are not being offered the same advantage that many Junior High people have in other towns. We must certainly consider this area in order to make possible the same rate of advance of our students as others enjoy. A few of the areas that would be improved are:

1. Language offerings.
2. Algebra for some in grade eight.
3. Guidance.
4. Shop for boys and in some instances girls.
5. Home economics and in some of this area also both boys and girls.

Growth of the town also points to the need in planning, however painful, for future needs in many areas but most important to this report educational facilities.

I wish to take this opportunity to thank the people of Londonderry, the School Board, Mr. Dolph and members of the faculty and staff for making this another successful and pleasant year.

Respectfully submitted,
IRA A. STICKNEY
Asst. Superintendent of Schools

REPORT OF THE PRINCIPAL

Over the past years from 1959 to 1964 many changes have taken place in the Londonderry School System. At times it is good to think back and reflect upon the way things used to be to help put the present and future in the proper perspective.

School population has grown steadily every year to show an increase of approximately 50% from September 1959 to September 1963. Much of this can be attributed to the large first grade classes in relation to the smaller 8th grade classes. If for example an 8th grade class of 45 is graduated in June and the following September a first grade class of 90 enters, this indicates a net gain of 45. This figure alone represents a considerable percentage of growth without even considering "move-ins" in the other grade areas. Increase in enrollment has been averaging 11% each year since 1959.

The teaching staff has increased since 1959 from 10 teachers to 17 (in September 1963). Along with this increase in staff has been an increase in teacher salaries. The median salary is still lower than many of the surrounding towns, which indicates that we can not rest on our laurels but must continue to improve this vital area. Without a good teacher anything else from devices to the physical plant is useless. The teacher has always been and always will be THE KEY in any educational scheme.

In the area of curriculum a departmentalized 7th and 8th grade has been established. This has proven to be very successful both from the standpoint of academic improvement and pupil and teacher satisfaction. With very few exceptions all text book series have been renewed. Modern math has been introduced into most areas. Curriculum is and should be constantly changing in an effort to keep step with the rapid advances and demands being realized each day.

The school plant has grown by leaps and bounds. The multipurpose room, kitchen and library of the new building are an essential part of a complete school program.

The future holds many problems which, if they are to be solved, must be confronted realistically. As the school grows so grow our needs for additional and special services. In the very near future some of the following specific needs must be met if we are going to continue to improve the quality of our education. This is the great challenge - we know we are and will continue to grow but at the same time we must improve quality.

How are we to meet the needs of our children with low academic ability?

How are we going to provide for art education and physical education?

What should be done for poor readers? What can be done to prevent the repetition of such disabilities?

How are we going to provide a more comprehensive junior high school program with a foreign language and expanded science facilities?

All these general questions and more must be faced in the near future, for the solution of these problems will determine our additional building programs. September 1966, the date when several more rooms will be needed, is not too far distant.

Respectfully submitted,

JOHN W. BONE

Principal

SCHOOL HEALTH REPORT

The school health program is an integrated part of the total education of your child. We continue to try and meet the demands of an ever-growing community.

Vision tests were done on all children during the year. Of the 520 children examined, 35 were referred for further eye examination. Due to the lack of suitably quiet space, hearing tests were not done this year.

The dental clinic, sponsored by the P. T. A., was held the week of Jan. 13 with Dr. Arnold Tannenbaum of Laconia as the participating dentist. 132 children were examined. 80 fillings and 7 extractions were done. The dental clinic is a control and dental health education program. Its aim is to prevent decay and loss of teeth. Therefore, the majority of time is spent in filling permanent teeth.

The tuberculin patch testing program was conducted during the month of May. 250 children in grades 1, 3, 5 and 8, whose parents so desired, received the patch test. The portable x-ray unit was set up in Grinnell school, where 14 who had positive reactions received chest x-rays.

The pre-school registration clinic was held in May for all children entering school in September. At this time each child receives a vision, hearing and motor coordination test. 68 children were registered at the clinic.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

September 1, 1964

The School Board
Londonderry School District
Londonderry, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Londonderry School District for the fiscal year ended June 30, 1964, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1963 and June 30, 1964, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$43,137.10 during the fiscal year ended June 30, 1964.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt

Bonds Paid	\$27,000.00	
Deficiency Appropriation for 1963-64	<u>18,094.00</u>	
		\$45,094.00

Increase in Net Debt

Net Budget Deficit	<u>1,956.90</u>
Net Decrease	\$43,137.10

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1964, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net overdraft of appropriations of \$10,285.20, less a revenue surplus of \$8,328.30, resulted in a net budget deficit of \$1,956.90.

Summary Statement of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1964, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1964, is indicated in Exhibit F.

Statement of Bonded Indebtedness: (Exhibit H)

A statement of outstanding bonded indebtedness as of June 30, 1964, showing annual debt service requirements, is contained in Exhibit H.

Statement of School Tax Account: (Exhibit I)

A statement of the School Tax account with the Town of Londonderry is presented in Exhibit I. As indicated therein, as of June 30, 1964, the School District had received from the Town the total amount of the 1963-64 School Tax plus a prepayment of \$18,094.00 on account of the 1964-65 School Tax. This represented a deficiency appropriation of like amount which was made at the annual district meeting in March 1964.

GENERAL COMMENTS

Current (Deficit) - Surplus:

It is noted that the current financial condition of the School District changed from a current deficit (excess of current liabilities over total assets) of \$3,436.16, to a current surplus (excess of total assets over current liabilities) of \$12,700.94, during the fiscal year ended June 30, 1964, as shown herewith:

	<u>June 30, 1963</u>	<u>June 30, 1964</u>
Total Assets	\$5,100.53	\$145,067.05
Current Liabilities	<u>8,536.69</u>	<u>132,366.11</u>
Current (Deficit) - Surplus	\$3,436.16	\$ 12,700.94

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Londonderry School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
